

Built-in operating theatres

AKMed

Built-in operating

**AKC** konstrukce

The most modern operating theatres in **Singapore**

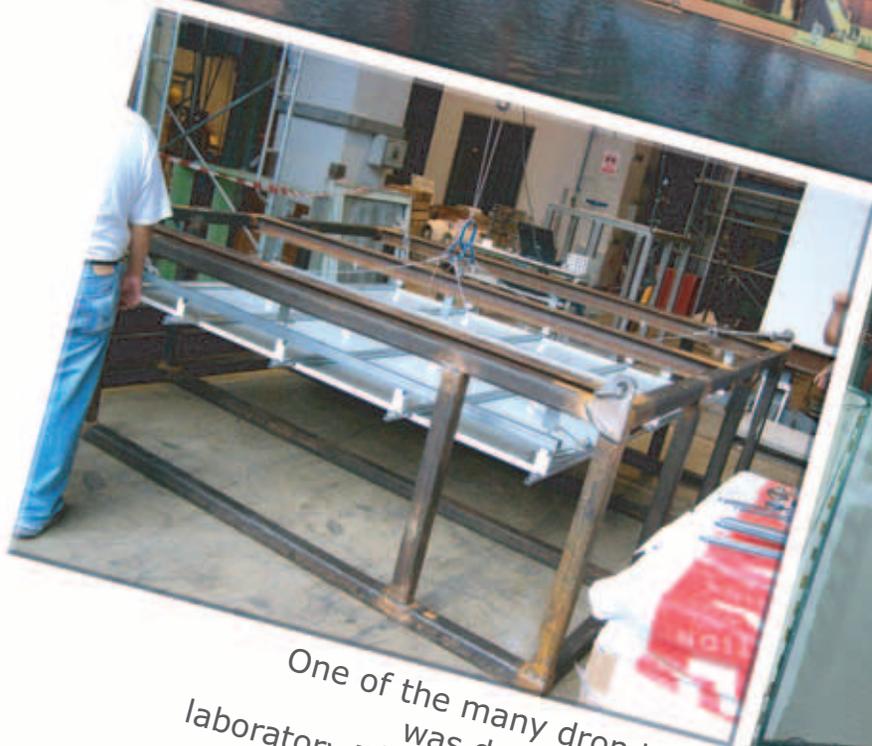

# KHOO TECK PUAT HOSPITAL

Operating theatres were installed in accordance with tender documentation

**DSOT – 6 operating theatres**

**MOT – 8 operating theatres**

All built-in elements: walls, windows, ceiling, light fittings were tested, if they can fulfill CD shelter requirements and regulations as required for this project.

One of the many drop tests was done in testing laboratory TÜV SÜD PSP Pte Ltd.

DSOT – all details are done specially in accordance with CD shelter requirements.
